Executive Plus

WHY DO YOU NEED EXECUTIVE PLUS?

Every organization, executive, and manager has their own Key Performance Indicators (KPIs) that are specific to their business needs. Being able to have quick access to the information in an easy to interpret and concise manner can improve the performance of their business.

WHAT WILL EXECUTIVE PLUS DO?

Andar Executive Plus provides the data extraction and data visualization tools for system administrators to build advanced, interactive Executive Dashboard components. This helps the decision makers to quickly analyze Key Performance Indicators (KPIs) and other critical corporate data.

BEYOND ANDAR

Executive Plus extends Andar's data mining capabilities to go beyond Andar. Performance Indicators are displayed in Andar, but the information source can be Andar or other SQL databases.

AT A GLANCE

Graphical tools to produce visually compelling displays of data, making it possible for decision makers to view the performance of their KPIs "at-a-glance." The KPIs can be displayed in bar charts, pie charts, thermometers, or tables.

FLEXIBILITY

Custom queries to be saved in Andar. This feature offers great flexibility for creating Executive Dashboard components that will extract whatever data decision makers may need. Executive Plus can be used to display data in real time on the web, e-Mails, Thank you letters, Receipts, Statements and more.

DRILL-DOWN CAPABILITY

Having the option to drill down into data is critical for gaining insight into more specific areas. Andar Executive Plus makes it easy to build individual Executive Plus components, which can then be assembled into a single package that contains multiple levels of components. Seeing the "big picture", with an option to view details optimizes the business analytic process.

PERSONALIZED EXECUTIVE DASHBOARDS

Different Executives and managers will need different KPIs to support their views of the business. They can choose which KPI to appear on their Executive Dashboard and change the KPIs based on their needs.

CUSTOMIZABLE BIO TABS (OR ACCOUNT SPECIFIC KPIS)

Andar Executive Plus components can be added to account Bio tabs to extract account specific data. Account specific KPIs can be displayed and monitored from the Executive Dashboard and the account Bio tab.

USER FRIENDLY INTERFACE

Andar/360 Executive Plus makes it extremely easy for the busy decision makers to build their personalized Executive Dashboards. With a few clicks, they can simply select and add the Executive Plus components to their Dashboard. The bar charts, pie charts, thermometers, and tables require no training from the user to perform data manipulation.

REAL-TIME TRACKING

Dashboard and Bio tabs, Executive Plus components will provide instant snapshots of performance indicators for staff to be fully productive in assessing, analyzing and acting on the fluctuations in KPI values
